

Looking Ahead

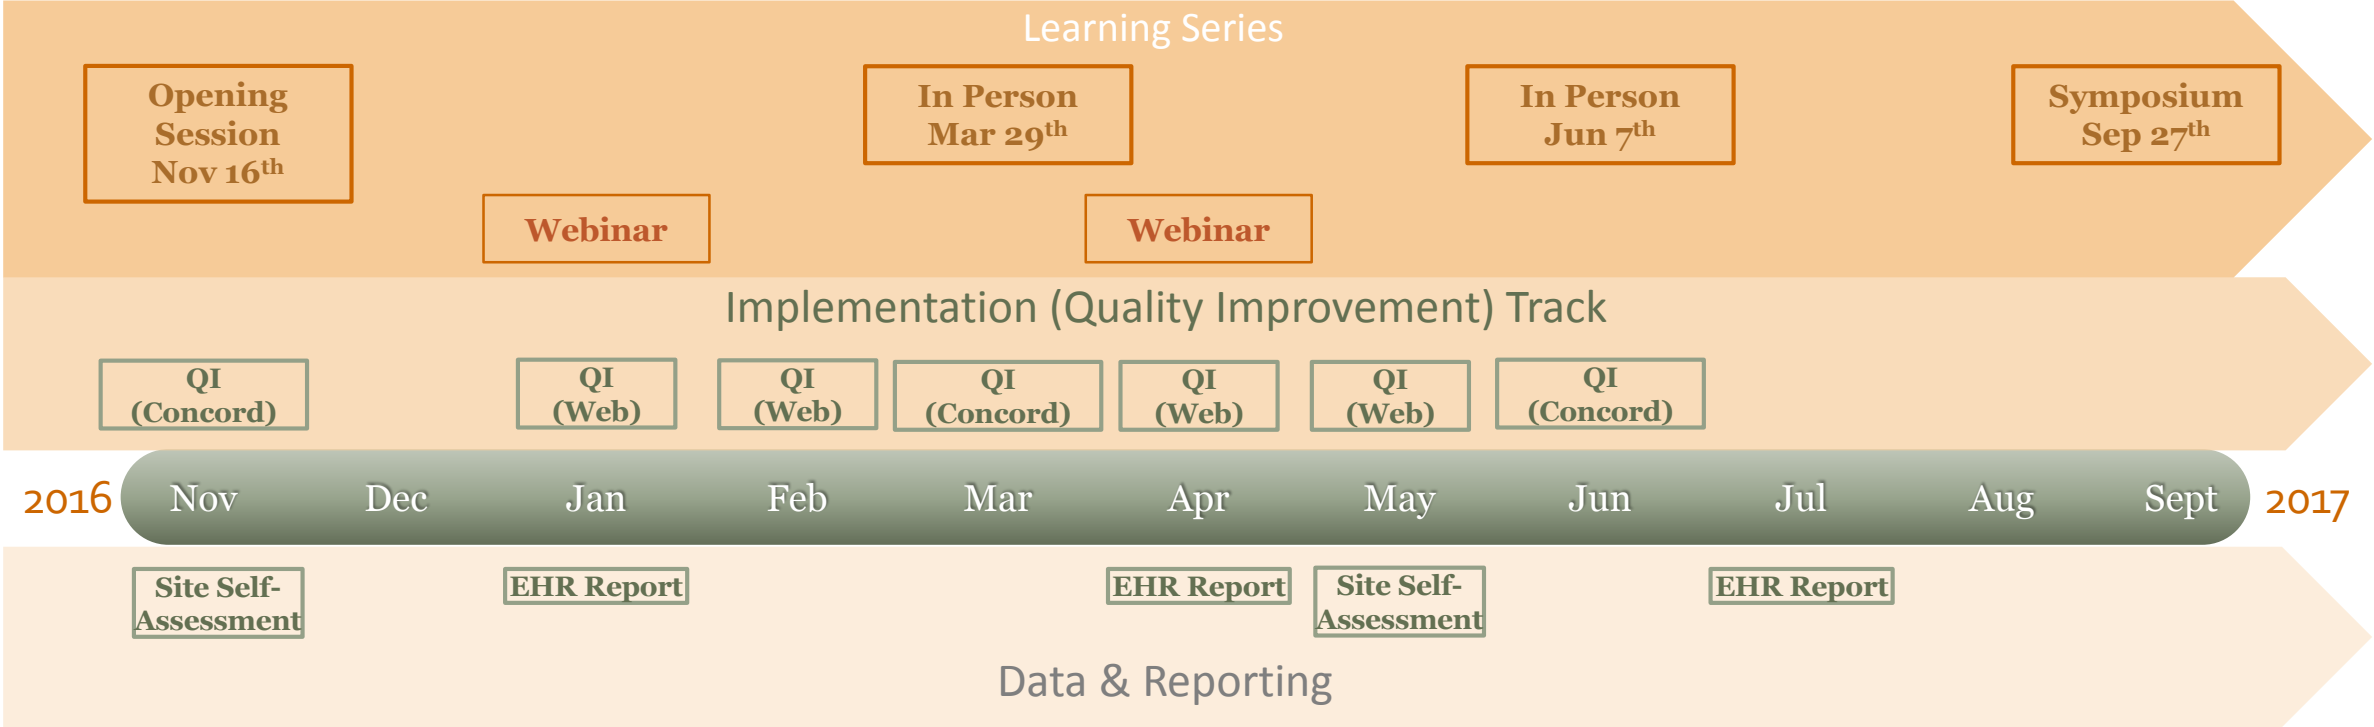

PROGRAM YEAR 2

Learning Collaborative – Who We Are

Shared data, shared knowledge and shared mission

Learning Collaborative Structure

Learning Series Content

- Case studies
- SUD – medication assisted opiate treatment in practice
- Payment
- Using data to track outcomes
- HIT Integration
- Workforce
- Maternal/child mental health
- Connecting to community

Values of Action-Learning In Quality Improvement

1. Formal instruction is not sufficient
2. Problems require insightful questions
3. Learning involves doing
4. Learning is voluntary
5. Urgent problems provide the spur for learning
6. Action and feedback make us continuously aware of progress
7. Reinterpretation of past experiences guides the work
8. Contribution of peers is essential
9. We are all learners and all teachers

Learning Collaborative Tools

Quality Improvement methods

Data & Reporting:

1. claims-based analytic report suite
2. EHR-based clinical measures reporting tool
3. site self-assessment

The PDSA Cycle for Learning and Improving

Table 2. Depression/ Anxiety and Co-Morbid Chronic Illness

	Commercial*	Cost	%	Medicaid*	Cost	%	Medicare	Cost	%
	PMPM*	PMPM*	CM*	PMPM*	PMPM*	CM*	PMPM	PMPM	CM
No Chronic or BH Condition		\$202			\$241			\$169	
Depression w/o Co-Morbidity**	41,632	\$492		6,211	\$531		5,157	\$491	
Depression w/Co-Morbidity**	25,729	\$1,001	38%	4,211	\$839	40%	25,795	\$1,268	83%
Mood Disorder Depressed - All	67,361	\$687		10,422	\$656		30,952	\$1,169	
Anxiety w/o Co-Morbidity**	32,470	\$391		3,959	\$502		2,357	\$478	
Anxiety w/Co-Morbidity**	16,594	\$818	34%	1,988	\$694	43%	12,402	\$1,041	84%
Mood Disorder Anxiety - All	49,064	\$536		5,947	\$566		14,759	\$951	
Members with Depression/Anxiety	116,425			16,369			45,711		
Total members with Depression/Anxiety, Commercial, Medicaid, Medicare: 178,505									

PMPM: Per Member Per Month. %CM: % with Co-Morbidity. * Before Medicaid and ACA Expansion ** Of nine chronic conditions

% Patients 12 & older screened for DEP
2013 - 2015

Quality Improvement Track Measurement

- Building upon national quality improvement work
- Align with State and National initiatives
- Support excellence through collaboration, transparency, evidence-based practice and value
- Focused on outcomes

Process and Outcome Measures

Wellness

Chronic Disease

Behavioral Health

Patient Centered

Learning Collaborative Expectations

YOUR INPUTS = **OUR** COLLECTIVE OUTPUT

- Share your experiences, resources – communicate with colleagues & partners to problem solve
- Be present
- Do pre-work readings
- Communicate with staff and faculty to address learning needs, provide feedback via post-event surveys.
 - Shape the work
 - Provide feedback
